Project description:

This contract carried out over two years involved the construction of three substantial extensions and the comprehensive refurbishment of an occupied school. Our management were required to plan and coordinate their programme of works to ensure that disruption to the school was minimal. The works which were carried out over several phases included;

- New Classroom Block
- New Entrance/Reception Area
- Refurbishment of the Central Area and North Wing
- Demolition of existing Dining Hall
- New Gym Hall and Changing Facilities
- Refurbishment of the West Wing
- External Works
- Refurbishment of the South Wing
- Replacement of the existing Mechanical and Electrical services

Project:

Contract period:	2 years
Value:	£2,330,923

Tradition. Expertise. Quality.
